RE: **Meeting to Discuss Initial Completeness Review Deficiencies, Kaiser Coal Corporation, Horse Canyon Mine, ACT/007/013, Folder #2 and #4, Carbon County, Utah**

A meeting was held at the Division on January 10, 1990, to clarify the Second Completeness Review of the Horse Canyon Permit Application Package dated May 31, 1988. In attendance at this meeting were:

John Palfy	Kaiser Coal Corp.
Denise A. Dragoo	Kaiser Coal Corp. Attorney
Dianne R. Nielson	Div. Oil, Gas and Mining, Director
Pamela Grubaugh-Littig	Div. Oil, Gas and Mining
Tom Munson	Div. Oil, Gas and Mining
Lynn Kunzler	Div. Oil, Gas and Mining
Henry Sauer	Div. Oil, Gas and Mining

The focus of the discussion centered on completeness deficiencies and changes to the Permit Application Package (PAP) that must be submitted to the Division by February 2, 1990. The issues included determination of the permit area, designation of where the State Highway ends and Bureau of Land Management responsibility begins, information for the PHC statement, and organizing water monitoring data. Topsoil comments were mentioned and sent to the operator under separate cover.

It is the opinion of the Division that completeness items can be addressed by the operator to meet the February 2, 1990 deadline for submittal.
